## **PROJECT SAFE NEIGHBORHOODS** **GRANT ANNOUNCEMENT**

**Deadline for grant applications re-opened until February 27, 2007**

**Programs directed at arresting top offenders or**  
**neighborhood reclamation to be favored**

The United States Attorney for the Western District of Louisiana and the Project Safe Neighborhoods (PSN) Task Force announce the **availability of approximately \$277,000 for grants**. Of that amount, approximately **\$224,000** will be designated **for grants** under the **Anti-Gang Initiative** to support new and expanded gang prevention and enforcement efforts under the Project Safe Neighborhoods (PSN) Initiative, and approximately **\$53,000 for grants** to fund current and expanded comprehensive gun crime reduction strategies. Project Safe Neighborhoods is designed to combat gun violence by establishing partnerships

among local, state and federal entities to implement a multi-faceted strategy to deter and punish gun violence. It is a nationwide commitment to reduce violent crime by networking local programs that target gun crime, and providing those programs with the tools and resources they need to succeed. *The Anti-Gang Initiative is designed to enhance* PSN task force efforts to combat gangs by building on effective PSN strategies and partnerships. Grants will be awarded to community programs that address: (1) gang prevention and enforcement; (2) gun violence prevention, community outreach, and education; (3) enforcement, adjudication, and supervision programs; or (4) other innovative, related projects. The goal of this grant program is to create a comprehensive, strategic approach to effectively reduce local gun and gang violence.

Grants will be awarded to programs that function within the Western District of Louisiana, primarily in the cities of Shreveport, Lake Charles, Lafayette, Alexandria, and Monroe. Single or multi-grantee awards will be considered for any amount up to the total funds authorized (**approximately \$277,000**).

The following types of organizations are eligible to submit a proposal applying for grants for 2007 funding:

- (1) Non-profit organizations;
- (2) Units of state and local government. Units of state and local government are considered to be:
  - (a) Parishes;
  - (b) Townships; and
  - (c) Special units designated by law to exercise governmental functions, excluding school boards. This includes tribal governments that exercise law enforcement functions.

Grants cannot be made for gun-lock distributions, gun buy-back programs, air-time to run certain national public service announcements, or for payments to cooperating witnesses and informants.

If a commercial organization applies for the role of a primary grantee, the organization must agree to waive its fee. However, for contracts under grants, a profit is allowable. It must not exceed 10 percent of the total estimated cost of the contract.

Applications must be 10 pages or less (double-spaced, 12-point type) and must be submitted using the following outline.

1. Describe the proposed program, including the target audience, geographical reach (cities, neighborhoods), parties involved, and other organizations that will participate or be affected by the program.
2. Describe the expertise and background of the organization and explain its qualifications for participating in the proposed program.

3. Describe the strategy to be employed, the purpose and goals of the proposed program, and how the proposed program is going to meet the goals of the Anti-Gang Initiative and PSN Initiative of reducing gang violence and reducing gun violence, including all major activities to be performed and the time frames for each activity to be performed.
4. Describe the resources available to meet the goals of the PSN initiative and the proposed program.
5. Describe the methods to be used to measure success in achieving the program's stated goals.
6. Outline the budget for the program including summaries and general breakdowns of all personnel costs, supplies, contracts and professional services, equipment, and travel expenses. Include a budget narrative providing justification for all proposed costs. For example, the narrative should explain how travel costs were estimated or why particular items, equipment or supplies must be purchased, and how overhead or indirect costs were calculated. It should justify the specific items listed in the budget and demonstrate that all costs are reasonable.
7. Describe how the program may (or will) be sustained after the end of the grant period. Will efforts be made to develop private funding sources to expand or sustain the program into the future?

**You must submit your proposal to: *ATTN: PSN Grant Competition or Anti-Gang Grant Competition* (please specify which one), U. S. Attorney's Office, 800 Lafayette Street, Suite 2200, Lafayette, Louisiana 70501.** Proposals must be postmarked or received no later than ***Tuesday, February 27, 2007***.
